

Sonos® Digital Music System

The first wireless, multi-room digital music system with a full-colour Controller.

Wirelessly stream all your digital music, all over your house, and control it all from the palm of your hand with the Sonos Bundle 130.

Sonos® liberates the music that's stored on your home network so you can listen from the bedroom to the backyard. Just connect a Sonos ZonePlayer 80 to your home theatre, stereo or any amplified audio device. Then, add a ZonePlayer 100 with built-in amplifier wherever else you want music. Connect one ZonePlayer to your network and all the rest work wirelessly. Mix and match

more ZonePlayers to create a house full of music. When you're ready to start listening, just grab the wireless full-colour Sonos Controller and simply pick a room, pick a song and hit play. Now you'll have instant access to all your digital music, plus Internet radio, subscriptions to online music services, and even music from your favourite CD or MP3 player.
